File SWS

MEMORANDUM FOR: Warning Working Group Members

SUBJECT : Next Meeting

1. Attached is a draft report on the SWS for consideration at our next meeting (Friday, 26 January, at 1315 in Room 7E62). Although I believe it reflects the discussion it did not emerge in the shape I then had in mind. Hence some of the language suggested there has not been included. Changes are welcome.

2. In the hope of dealing with this quickly, I plan to devote the whole meeting to it. If there is anything else that needs to be discussed, please let me know.
